How may we be of service?

Thank you from the CEO, Angela Setters

I would like to personally thank all of our referral partners & clients for the business opportunities that have helped the growth of our firm. Now more than ever consumers are in need of a great deal of knowledge to help them win in the financial industry as it stands today. Conquer is committed to the research and development of our processing system, professional staff & resources. Our firm will take a stand in assisting consumers by telling the truth about financial myths, show them how to play the game to win and help your business grow all at the same time. CCMI is always making sure you look good by having your clients deal with a professional, knowledgeable and committed credit advisory team at your service for their benefit. My personal mission is to make sure that our clients feel serviced and valued when they call and ask for anything. Nothing can help you improve your perspective on credit like the ability to help consumers understand their credit, and begin to use it as an investment tool. We want to help bring understanding to the credit industry and simply put; to do things a little better, a little

bit more hassle free and a lot more beautifully. Our firm will help show consumers how to put more money towards retirement and little Johnny's college fund, instead of the banks pocket! Please consider every client you meet as a client for CCMI, just because you can get them a loan today does not mean that their credit score is not damaging them in other areas. Thank you for always keeping us in mind and for supporting the great mission of CCMI. "Never underestimate the importance of the local knowledge you have with Conquer, we are at your service!"

Your Personal Credit Experts—5 Star Service Facts

Fact 1: For 15 years CCMI has been serving its clients with the red carpet attitude! We are always there with "How may I be of service!" It's not what we do; it's how we do it! This statement is not to impress you but to impress upon you just how serious we are about your success.

"Let love and faithfulness never leave you; bind them around your neck, write them on the tablet of your heart." Proverbs 3:3

Fact 2: With a committed heart and a focused goal, CCMI will expand thanks to your valued referrals. We say thank you to all of our partners and remind you that your seeds are not forgotten!

*"Plans fail for lack of counsel, but with many advisers they succeed."
Proverbs 15:22*

Fact 3: We treat you and your clients with the golden rule principle.

"Love your neighbor as yourself. There is no commandment greater than these." Mark 12:31

Fact 4: Educate you and your clients on our process methodologies and how that pertains to their/your compelling event. We want to make sure that all parties understand their involvement with our process to retain the knowledge necessary to understand how credit works for you and your clients personally. Not knowing the truth can cost a consumer hundreds or thousands of dollars a year. Consider a single (1%) point of interest on a \$300,000.00 dollar loan, how much could you save knowing that?

"The plans of the diligent lead to profit, as surely as haste leads to poverty." Proverbs 21:5

Fact 5: Communicate above all else, we believe in staying in front of your needs by always communicating verbally and in writing. We want our clients to trust that we are here to help guide them toward success.

"A good name is more desirable than great riches; to be esteemed is better than silver or gold." Proverbs 22:1

From the Desk of Bridgett Hood in Quality Control:

I joined the CCMI family in November of 2004! I was so excited to come aboard and help to expand the operations organization and streamline the focus of the company's operational success. Since I have been here our capacity for success has improved by 31%, WOW! Coming from General Electric a large corporate structure, I was taught the importance of training my co-workers how to become a major player in the team here at CCMI.

Before excepting my position here at CCMI I was apart of GE Medical Systems. My philosophy's stemmed from the Six Sigma methodology and is now an intricate part of our every day process and our work place organizational flow chart. The feelings of helping people succeed in there personal lives through increasing their buying power, are the most invigorating feeling and I would not change it for the world. Thank you CCMI for welcoming me into the family with such an open mind for change and development. It was through your adaptability that we have improved our process time and client success stories over the past five months. I look forward to growing with CCMI and going to the top with my wonderful management team! If you want to know more come by and visit us we love visitors don't be shy!
